

CREATIVITY WORKSHOPS

Workshops in visual arts, writing, dance, voice, movement, healing; retreats for women and for men; exhibitions.

**At Wickhampton Farm Barn
March 1998 - December 1998**

The barn is a family home, and it is also a base for art and healing activities. People are welcome as "extended family" to come and spend some time creatively in a relaxed, flexible but organised situation. Groups are small and there is a large space suitable for workshops, plus a studio and a garden. The barn is in its own 1½ acre grounds, in a very quiet location next to a small village with a 14th century church containing remarkable medieval wallpaintings and sculpture. We welcome beginners as well as experienced students, and people of all ages. We offer favourable Fees to people under 20, to OAP's and concessions.
